The best places to visit in Australia

Australia is the largest island in the world and has many beautiful places to visit.

You can visit beautiful countryside, see amazing animals, or visit exciting cities, with beautiful beaches and great weather.

Cairns is in the north west of Australia, near the Great Barrier Reef. You can go on a lot of trips to see wildlife from Cairns. Perth is in the far east of Australia. It has beautiful beaches, and almost always has very sunny weather. There are a lot of bars and restaurants in Perth. It is a very nice place to relax.

The next best place to visit in Australia is the Kakadu National Park. The aboriginal people of Australia have lived in this area for over 40,000 (forty thousand) years, and there are more than five thousand rock-art sites, places where art has been painted on rocks.

Melbourne is also a wonderful city to visit. People in Australia often say that Melbourne has a lot of interesting culture, with a lot of museums, art galleries, and places to listen to music. Uluru-Kata Tjuta National Park is famous for the Uluru rock, which is very famous all over the world. You can visit the Uluru culture centre to learn about how the local people lived in the area.

Finally, Sydney is the number one place to visit in Australia. It has a long history, and is a very beautiful city. There are some very good national parks near Sydney, and some interesting historical places in the city.
